EXPERIENCE

Wilson RMS

Studio Supervisor, 2016 - 2017

- Successfully managed a 3 person team and oversaw the scheduling, production and release of multiple high-volume marketing projects.
- Worked directly with Project Managers and Account Supervisors to develop an efficiency-enhancing production workflow that enabled the agency to meet the demands of a two-fold increase in business.
- Evaluated project specifications, identifying and solving for any issues prior to project kick-off.
- Resolved conflicts and provided solutions in a professional manner to the satisfaction of clients.

Production Artist, 2011 - 2016

- Met production milestones and implemented a high standard QC throughout production workflow process.
- Upheld client brand guidelines and industry standards.
- Produced print-ready mechanicals and comps.
- Created, tested and delivered standards compliant animated banner ads.
- Performed regular updates to landing pages, emails and client website.
- Organized and maintained the company archive library.

MeebleMail LLC

Intern, 2010

- Regularly updated company website and performed user tests.
- Edited, formatted and uploaded email stationery designs onto company website.

PROJECTS

Meal123 *Ruby on Rails, HTML & CSS*
https://secret-sierra-29085.herokuapp.com/
- Responsive and user-friendly meal planning web application with a built-in recipe database.

Brainfloss *Ruby on Rails, JavaScript, HTML & CSS*
https://brainfloss.herokuapp.com/
- Random facts and trivia generating application that draws its content from multiple APIs, using AJAX calls, and a hardcoded database.
